

Viewtech Transmitter Receiver Kit

Industrial Quality

\\ VT479TX Transmitter
\\ VT480RX Receiver

IP69K Rated / 100m Transmission Distance / Works with Fleetview™

The Viewtech transmitter and receiver kit allows any Viewtech AHD high resolution camera to be made wireless.

Hard wearing, robust and waterproof allowing the transmitter to be installed in the elements. Easy to pair and install and extremely high build quality.

Applications

- › Road Working, Construction & Mining
- › Marine & Engine Room Monitoring
- › Port
- › Transportation
- › Agriculture
- › Traffic management
- › Material Handling
- › Forestry

Main Features

- › 100m digital transmission.
- › IP69K water rated
- › 10V-32V DC
- › Works with Fleetview™ Recording Systems
- › 24/7 Duty Cycle
- › 3 Year NZ/AU Warranty

Easy to Connect

Any Viewtech camera connects to the transmitter via an EzyConnect 4-pin connector. A 2.1mm power socket is included for powering the transmitter. The receiver will connect directly to an EzyConnect 4-pin camera input on the monitor.

Pairing is via a pairing button on both units.
