

Viewtech Safety Projector

For Heavy Moving Machines

\\ XW11050

IP67 Rated / High Quality Construction / Multi-Voltage

Projects a bright safety logo or warning directly behind a moving forklift or machine.

Viewtech FSP is a projector warning device for material handling machinery that works around pedestrians.

Viewtech FSP uses a super bright LED module combined with a highly focused lens that projects a warning image or message onto the floor immediately behind a moving forklift or machine.

Bright enough to work in a well lit warehouse Viewtech FSP will ensure that your staff are aware of moving plant at all times.

Specifications
