

Viewtech CraneCam

Wireless, 30x Optical Zoom

\\VT7DWQCC

Heavy Duty / 3 Year Warranty / NZ Based tech support

The Viewtech VT7DWQCC CraneCam is a Wireless 30x optical zoom camera designed to mount on a hook or jib.

With its incredible 30x optical zoom which is controllable from the monitor or a foot switch you have full control over your zoom level.

The heavy duty bracket holds a camera within a cradle that will always look down.

Applications

- › All types of cranes
- › Drilling, boring and tunneling projects
- › Industrial Video Monitoring

Main Features

- › High Definition Imaging & 30x Optical zoom with 50m IR night vision. This level of zoom gives incredible detail from even the highest cranes
- › ViewtechAi™ Pedestrian Detection Built in (will highlight humans in the viewing area)
- › 7" Monitor
- › Lithium battery for camera

Foot Switch

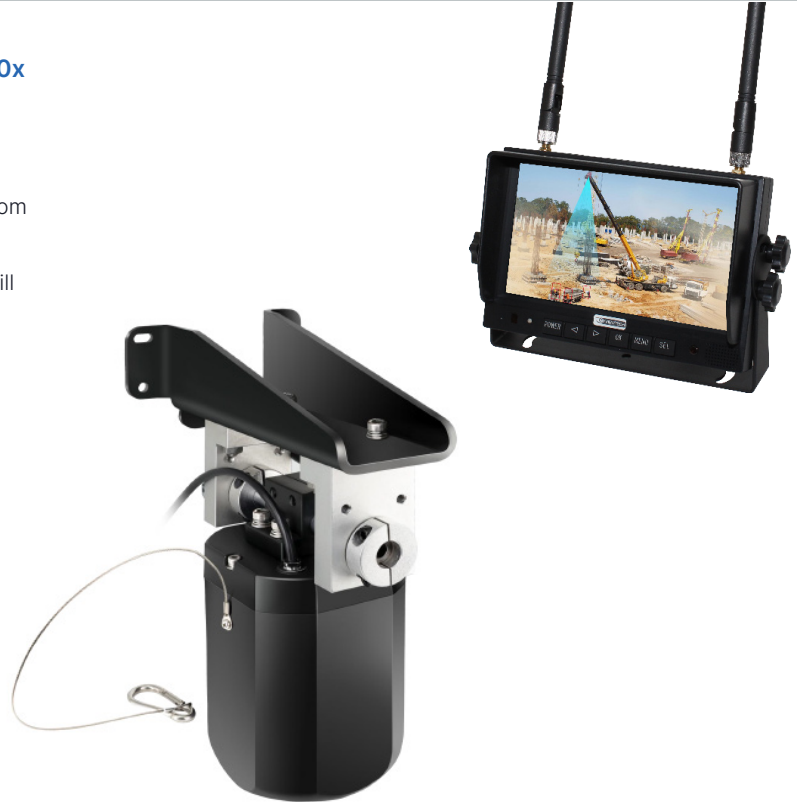

An optional foot switch is available to zoom in and out. This allows the operator to not have to push buttons on the monitor.

Battery

Electrical triggers allow for automatic camera selection via indicators or reverse.

ViewtechAi™ Features

- › Deep learning algorithms and machine learning detect human presence instantly
- › Adjustable detection area and range
- › Wifi Setup by mobile phone (no app needed)
- › Highlights humans on screen with a box
