7" HD Wireless Camera Kit

Industrial Quality

VT7WQ871X

Heavy Duty / IP Rated Monitor & Camera / Internal Wireless Antenna

Wireless and waterproof: Perfect for tough environments and open-cab installations.

The VT7WQ871X kit is a complete wireless camera system, featuring the robust VT871X camera and the VT7WPQW-720 monitor with internal wireless antenna. This waterproof system is built for tough environments and open-cab installations. It's the ideal solution where running cables is impractical. For even greater flexibility, add an optional magnetic mount for temporary installation on hired trailers or for swapping between trucks and trailers.

Applications

- › Transportation
- › Material Handling
- › Port / Marine
- › Construction
- › Mining
- › Agriculture

Main Features

- › IP66/IP69K Ingress Protection
- › Up to 300 m Wireless Range
- › Works with Fleetview™
- › 24/7 Duty Cycle
- › 3 Year NZ/AU Warranty

Fit For Purpose

Industrial ingress protection, temperature and vibration ratings ensure the kit can survive in demanding conditions.

Works with Fleetview™

Works with Fleetview™, a comprehensive recording and remote access platform. Requires a VT480RX wireless receiver to connect to the Fleetview™ DVR.

Included

VT871X Wireless Camera

Wireless System Add-ons

VT509 Rechargeable Battery Pack

Power any wireless camera for up to 8 hours between charges with this magnetic mount rechargeable battery pack. Fast charge in 2.5 hours.

VT814DW-1080 HD Forklift Camera

This high definition camera provides a crisp, clear image. With a built-in, strong, magnetic base, this camera can be quickly and securely installed on most machinery.

VT814LZ HD Forklift Camera With Laser

Like the VT814DW-1080 this camera provides HD video. With the addition of a laser it allows precise positioning of forks for increased efficiency.

HDMount 1-inch Ball System – Camera and Monitor Mounting Solutions

T-Bolt Adaptor

HDM-B011 is compatible with all Viewtech Monitors.

Connector Arm

HDM-B9 is a 90mm quick-adjust connector arm.

Suction Mount

The HDM-BXP01 is a secure suction mount.

1/4" Thread Adaptor

The HDM-B014 is compatible with the VT871X camera.

C-Clamp

The HDM-BDZJ03 can clamp tube diameters from 26 – 50mm.

Magnetic Mount

HDM-BMAG is a strong magnetic mount.

Suggested Combinations

Monitor Suction Mount

- › HDM-B011 T-Bolt Adaptor
- › HDM-B9 Connector Arm
- › HDM-BXP01 Suction Mount

Camera Clamp Mount

- › HDM-B014 1/4" Thread Adaptor
- › HDM-B9 Connector Arm
- › HDM-BDZJ03 C-Clamp

Camera Magnetic Mount

- › HDM-B014 1/4" Thread Adaptor
- › HDM-B9 Connector Arm
- › HDM-BMAG Magnetic Mount
